

MARIAM BAKENNE

SENIOR DATA SCIENTIST

mizbaken@gmail.com | Scotland, United Kingdom | [Linkedin](#)

PROFESSIONAL SUMMARY

I'm a result-driven Data Scientist with 5+ years of experience in transforming raw data into actionable insights to drive business growth. Skilled in data visualization, statistical analysis and database management with a strong background in managing data-driven strategies for startups and businesses. I have a proven track record of using data to optimize decision-making and improve operational efficiency. I am passionate about leveraging analytics to innovate solutions within dynamic, fast-paced environments.

SKILLS & CORE COMPETENCIES

Data Visualization & Reporting, Statistical Analysis & Modeling, SQL & Database Management, Data Cleaning & Transformation, Deep Learning & Predictive Analytics, Python & R Programming, Business Intelligence Tools (Tableau, Power BI), Data Storytelling & Presentation, Critical Thinking & Problem-Solving

PROFESSIONAL EXPERIENCE

DigiHealth Africa, Glasgow, Scotland

Lead Data Scientist,

May, 2020 -date

- Designed and implemented DigiHealth Africa's customer retention model using machine learning, achieving a 74% accuracy in predicting customer retention and enhancing marketing strategies.
- Conducted comprehensive exploratory data analysis (EDA) to identify key factors influencing customer retention. I built and deployed a decision tree classification model, leveraging Python and Scikit-learn, integrated with a FastAPI service for real-time predictions.
- Improved data preprocessing techniques, including feature scaling and categorical encoding, to ensure model effectiveness and reliability.

NGCOM NETWORK SOLUTIONS, Lagos, Nigeria

Data Scientist,

January, 2023 - April 2024

- Processed and analyzed large data sets to identify market trends and user behaviors.
- Conducted data mining and statistical analysis to support business strategy.
- Increased campaign conversion rates by 30% with data-driven recommendations.
- Decreased data inconsistencies by 15% through data quality improvements.
- Presented analytical insights that drove a 10% increase in customer acquisition.

Pearls Africa Foundation, Lagos, Nigeria

Data Analyst Instructional Facilitator,

November, 2018 - April, 2021

- Designed and delivered courses on data analysis tools and techniques.
- Mentored over 50 students in applying analytics to real-world problems.
- Trained over 50+ students, with 80% securing analyst roles within 6 months.
- Developed a structured data analysis curriculum adopted by 3 additional schools.
- Increased program retention by 20% through targeted curriculum improvements.

VOLUNTEER/LEADERSHIP

Women in Data, London, United Kingdom

Volunteer Data Scientist,

May, 2024 - Present

- Utilized advanced data analysis techniques to optimize program strategies, aligning closely with Women in Data's mission to empower women in the analytics field.
- Designed and implemented interactive dashboards to track key performance indicators (KPIs) and program metrics, providing leadership with real-time actionable insights for strategic adjustments.
- Conducted rigorous A/B testing for marketing campaigns, driving data-informed decisions that enhanced return on investment and deepened community engagement.
- Streamlined reporting processes, increasing data-driven decision-making efficiency by 40% and delivering enhanced analytics to support organizational goals.
- Developed and deployed predictive models to address retention challenges, resulting in a 25% increase in member engagement and loyalty while contributing to broader organizational success.

She Code Africa, Lagos, Nigeria

Volunteer Lead Coding Instructor,

September, 2020 - June 2022

- Mentored over 200 women annually as Lead Mentor for She Code Africa Yaba, organizing workshops, hackathons, and bootcamps with 20% of participants securing IT roles.
- Spearheaded technical training in machine learning, cloud computing, and open-source contributions, impacting over 1,000 women.
- Established impactful partnerships with universities and tech hubs, delivering events benefiting over 300 women.
- Supported 50 women in securing roles at companies like Microsoft and Google while launching initiatives to boost engagement and recognition.
- Expanded She Code Africa's community to 500+ members, earning global recognition at mentorship conferences and in "Women in Tech Africa".

Lagos State University Rotaract Club,

President,

July, 2018 - June, 2019

- Represented the club in district meetings and public events.
- Coordinated volunteer activities with local and international partners.
- Raised funds that supported over 5 large-scale community projects.
- Implemented a mentorship program for new members, increasing engagement by 30%.
- Secured sponsorships from local businesses to expand club projects.

Nigerian Universities Marketing Students Association, LASU Chapter

Chairman, Electoral Committee

April, 2018 - June, 2018

- Managed the election process for 500+ students, ensuring fairness and transparency.
- Trained committee members on electoral management and conflict resolution.
- Achieved a 90% voter turnout, the highest in the association's history.
- Successfully mediated pre-election disputes, fostering a collaborative environment.
- Organized post-election feedback sessions for continuous improvement.

KEY PROJECTS AND ACHIEVEMENTS

Predictive Customer Retention Model

- Developed and deployed a model predicting customer churn with 85% accuracy, contributing to a 20% reduction in customer attrition for Phoenix media Ltd.

Dynamic Dashboard for KPI Monitoring

- Created a customizable KPI dashboard that automated data reporting and improved operational decision-making speed by 50% for Women in Data.

Community Analytics Training Program

- Led a successful data training program for Pearls Africa Foundation, equipping over 50 participants with data analytics skills and securing internship placements for 60% of participants.

EDUCATION

- ✓ **Post Graduate Diploma; Big Data 2021 -** **2023**
- University of Stirling, United Kingdom
- ✓ **BSc. Marketing 2014 -** **2019**
- Lagos State University, Nigeria

CERTIFICATIONS AND TRAINING

W3Schools Online Course; SQL Training, Deep Learning Online Course, Analyze Open Data Set with python, Python for Data analysis, Google Data Analytics Professional Certificate, SQL for Data Science - Coursera, Data Visualization with Python and Matplotlib - Data Camp

AWARD AND HONOURS

Outstanding Data Analyst Award, Leadership Excellence Award, Rotaractor of the Year, Distinction in Data Analysis Certification (Coursera), Best Data Analysis Project, Data Instructor of the Year
